1911 STERLING BICYCLES

80 Just Arrived

The "Built Like a Watch" Kind

STERLING BICYCLES are exceedingly graceful in appearance and substantial in construction. They are made in one of the largest and best equipped factories where for fourteen years the one aim has been to combine style, running and wearing qualities with moderate price. The quality which enters into these bicycles is made possible only by the possession of this long experience, unequalled manufacturing facilities and a great output.

MINOR CHANGES IN NEW RULES

Decision of Football Committee About the Game Is Given.

That the latest American football game under the new rules is likely to stand for several years at least, with perhaps a few minor changes, is the opinion of many of the coaches and players of the New England college elevens at the close of the present season.

From the spectators' standpoint the game proved more popular than ever before. Injuries were less in number and seriousness than for many years, only one fatality occurring in this section. That was on Thanksgiving Day, at Winsted, Conn. According to Trainer "Pooch" Donovan and Dr. Nichols, of the Harvard eleven, twisted knees were more prevalent than any other injury. "Don" Pryor of Brooklyn said the new rules helped his team immensely.

"They gave a greater chance for heady, speedy men," he said, "than was allowed the same players under the old rules, and are entirely satisfactory except possibly for the 20-yard zone relating to forward passes and on-side kicks and the division of periods."

Coch F. S. Durgin of Bowdoin College said the new game had great possibilities which even the larger colleges did not bring out.

Dr. Carl Williams, representative of the University of Pennsylvania on the football rules committee and chairman of the advisory board of coaches, is of the opinion that, while the new rules have decreased injuries, they have not made the game more interesting to the spectators.

"The game has been marred," he said, "by the fact that under the new rules prohibiting the giving of assistance to the runner, it is almost impossible for either of two evenly matched teams to gain more than two or three consecutive first downs."

"I would remedy this by permitting the runners to receive the assistance of at least one man. If such a rule were passed it would be possible to restrict the forward pass to back of the line of scrimmage. This would give the offense an even chance. Then I would remove the 20-yard restriction from the on-side kick."

"With the experience of this year as a guide, next year's game should be far more interesting and just as safe."

ANOTHER SOCCER LEAGUE FORMING

There is prospect of a new soccer league, with at least four teams composing it, and the probable teams will be Kama, Fort Shafter, Aliolani Alumni and McKinley High.

The Kama have wanted to start another league, and as each of these other organizations is thinking strongly of getting into the game, a league will probably be formed within a short time and the teams fight for the championship.

This week a picked team from the Grammar School League is going up against the champion Kama and try to put a goal over them, this picked team to represent the best players on the other teams of the league.

There will be a game of baseball at the Palama gymnasium this evening between the Beretania and Palama Juniors. Each team has won one game, and the play tonight will decide the match.

George B. Howard has so well handled his company of play actors that he can go away and leave them for a day or so with perfect safety. In fact, they do very well without him.

This state of affairs materialized, crystallized and harmonized in "All the Power of Gold," the week's opening production at the New Orpheum. The piece is a four-act drama, and is a far cry from the comedy in former productions, and demonstrates the fact that this company is "equal to the occasion" in any phase appertaining to the mimic stage.

The Orpheum was comfortably filled last night, notwithstanding the advent of the great American attraction at Ala Park.

Miss Dorcas Matthews again came into her own last night after a forced absence as the result of an accident, and it was very evident that her return was appreciated. She took a leading part in the new offering and certainly acted the requirements of the role.

Each member of the cast filled the role to the satisfaction of a critical audience, and the applause given them was hearty and wholesome.

Miss Betty Jonson had personal charge of the title role in "All the Power of Gold," and there were certain parts that called for the best acting there was in her, and she made good.

"All the Power of Gold" will be given again tonight and tomorrow night, and is well worthy of the patronage that is being given the piece by those of the city who enjoy some clean, capable acting.

The George B. Howard Company will close their Honolulu engagement a week from next Saturday night, so there will be another full week after this one of appreciated talent at the New Orpheum.

Of course it is expected that another troupe will arrive to take the place of the Howard Company and it is to be hoped that there will be no falling off in the standard of productions.

WOSES PAINTINGS ON VIEW FOR FEW DAYS

Splendid Collection Exhibited
By Artist at Alexander
Young Hotel.

The exhibition of paintings by Theodore Woses in the Young Hotel opened last evening with an informal reception under the auspices of the Kiohona Art League. The pictures are forty in number and will be on view until December 17.

It is a striking collection that Mr. Woses has brought to the Islands, and illustrates better than words the wandering of this painter over the world in search of material. Twelve of the paintings deal with Hawaiian subjects, Japanese, Samoan and Spanish subjects are also shown, the last named being among the artist's later works.
